TO: Mr. Smith

STATINTL FROM:

SUBJECT: Professional Manpower

REMARKS:

Attached is a copy of the DDI contribution to the work of the Professional Manpower Committee (looking into the quality of recruits). *Heed for reference*

Colonel White has indicated that the Committee's report--which we hope to have out early in March--will be passed to the Director through the Senior Executive Group.

One thing it would be helpful to know from both you and Ed Proctor: what are your personal impressions on the quality and potential of recent recruits?
